Suvarnaprashana is one of the sixteen Samskaras (rituals) which were described in ancient scriptures. The modern days have left human beings amidst a lot of stress, the altered food habits, a great deal of distractibility, addiction, varied agricultural practices which in turn affect the strength of individuals both physically and mentally, this makes the humanity to fall prey of diseases. In the ever demanding competitive age of today there is always need to excel. This in turn requires best of health and intelligence. Ayurveda has explained such health promoting agents under the heading of Rasayana. Suvarnaprashana is such Rasayana mentioned in Ayurveda to promote immunity and memory of children. Ayurveda is known for its own specialties. Today the whole world is affected with different diseases. Modern medicines fail to treat the patients satisfactorily in spite of many researches & latest technologies because of their hazardous side effects. Ayurveda the science of life, provides many other alternative ways to tackle with such disorders successfully. Not only treating unhealthy individuals, Ayurveda mainly helps to maintain the healthy state of mind & body. Ayurveda explains suvarnaprashan while modern medicines explains about vaccines. Vaccines produce immunity against specific diseases where as suvarnaprashan produces non-specific immunity along with many beneficial effects. Kashyapa is the pioneer of Kaumarbhritya who described Suvarnaprashana vidhi in detail with its benefits.

### Aim:

To study Suvarnaprashana Sanskar in detail

## OBJECTIVE

1. Study the literature of Kashyapa Samhita regarding Suvarnaprashana
2. Study the relevant literature of Suvarnaprashana from other texts.

## MATERIALS AND METHODS

Administration of Suvarna Kalpa Keeping face towards east, pure gold should be rubbed on a washed stone with little quantity of water then churned with honey and ghrita, this should be given to the child for consumption. Feeding of gold increases intellect, digestive and metabolic power, strength, gives long life; is auspicious, virtuous, aphrodisiac, increases complexion and eliminates the evil effects of Grahas. By feeding the gold for one month child becomes extremely intelligent and is not attacked by the disease, and by using for six months increases his hearing and retaining capabilities. Kasayap samhita mentions that suvarna should be rubbed on stone facing towards east, it could be because east direction belongs to lord Indra, it is considered to be auspicious & holy for all diseases. Suvarnaprashana medication includes Suvarna, medicated ghrita, and Madhu.(1,2) Gold is considered as very precious in Ayurveda and it would possess properties like madhura, rejuvenate, immunity booster, improves complexion and growth of the body, accelerate growth of the brain and improves memory, also increase digestion power of the body. Gold possesses lot of antioxidant properties and it is very beneficial for babies who were delivered with difficulty during the process of delivery, oxidative stress to the baby and this can be relieved with the antioxidant properties of Suvarna Bhasma in the Suvarnaprashana.(3) Madhu and ghrita has a natural tendency to accept and imbibe various conditions, its properties and actions become more evident when combined with other dravya. Many unpublished studies in hospital at Ayurvedic colleges indicate that Suvarnaprashana Samsakar improves the recurrent attacks of common cold, fever also in asthmatic patient, as asthmatic attacks relapse is reduced. In malnourished children Suvarnaprashana Sanskar may affect the recurrent attacks of infections and which may be helpful to improve digestive and metabolic power this may result in weight gain of these babies. In delayed milestones babies it is found that due to Suvarnaprashana Samsakar milestones have started to develop efficiently in terms of motor, social and adaptive milestones properly. In Kashyap Samhita while describing the benefits of Suvarna Lehan, Acharya Kashyap opines that after feeding gold for one month the child is not attacked by the disease, and also eliminates evil effect of grahas; this implicates that ingestion of Swarna modulates the immune system so that the morbidity is reduced.
