Provides, a list of colleges of education and their affiliation to the universities. Also gives their status as government / university / private Studies staff, furniture and A.V. aids available studies their building and budget of libraries, other aspects such as library committee, circulation, number of books issued etc. have been studied concludes with revival of these colleges by providing ore staff and funds.

Introduction :

The aims and objectives of teachers are to develop the personality of students. The training of education makes a teacher good and competent to do his/ her duties. The trained teachers help to students and increase the knowledge. Teachers need to be well trained and prepared to deal with extremely diverse classrooms of mostly first generation learners. No education system in the world has excelled without making a significant investment in building a cadre of quality teachers. Yet, teacher education in India is a weak link in the education system.

My research is based on the research topic 'Madhya Pradesh Ke shiksha Mahavidhyalaon me Granthalaya Sevayen : Ek Samikshatmak Adhyayan' has bee awarded Ph.D. degree in library and information science from Vikram University, Ujjain.

RESEARCH METHODOLOGY :

The questioner was sent to colleges of education libraries, Personal visits to libraries were also made to collect data.

AREA OF RESEARCH :

The 23 colleges of education running B. Ed. and M. Ed. Courses have been selected. The list provides universities and affiliated colleges of education selected in the study :
